A New Utilisation of Milk prepared with Peptogenic Milk Powder

HAT milk prepared with Peptogenic Milk Powder is peculiarly useful in supplementing an insufficiency of breast milk is well known. That the nursing mother has taken this food with decided benefit to her own health and to the great advantage of the infant in the increased quantity and improved quality of the milk secretion has recently been the subject of special reports—copy upon request.

The reasonable explanation in either instance is found in the following facts: Milk prepared with Peptogenic Milk Powder has the constituents of human milk and in the same proportions; has the same physical characteristics; is soluble and non-coagulable like mothers' milk. This food, thus quantitatively and physiologically approximated to human milk, is in every particular adapted for use in conjunction with breast milk, and would seem to be ideally constituted also for elaboration by the mother into the milk designed for the nursling.

The milk may be prepared for the mother the same as for the child—preferably by Formula No. 3—by the "cold process," if preferred cold.

of twenty-five or one pound. An additional safeguard that both you and your druggist will always appreciate. May we send you a sample?

SHARP & DOHME, Baltimore

? WHY IS IT THAT

The United States Government Army and Navy Medical Supply Departments, the United States Marine Hospital, State and County Hospitals, Municipal Departments of Public Health, Tuberculosis Clinics and Hospitals throughout the West EMPLOY THE PRODUCTS OF THE CUTTER LABORATORY?

? WHY IS IT THAT

The City and County of San Francisco SPECIFIES (Biological Products): "Bidders state discount from THE CUTTER LABORATORY PRICE LIST AND CODE, JANUARY, 1911; departments to be the judge of the quality of substituted brands"?

IT IS BECAUSE

THE CUTTER LABORATORY has established a reputation for QUALITY. It has proven to the satisfaction of medical critics that THE WEST can produce as good (or better) BIOLOGICS as can be produced ANY-WHERE.

THE CUTTER LABORATORY EXHIBIT at the A. M. A. Convention at Los Angeles was one of the Centers of Attraction.

OUR ENDEAVOR IS TO MERIT YOUR SUPPORT

The Cutter Laboratory

U. S. Government License No. 8

BERKELEY, CALIFORNIA

A Thousand Surgeons Helped To Build This Plant

The B & B surgical laboratory is the model of its kind—a splendid example of modern efficiency.

It was built and equipped, without regard to expense, to meet the ideals of physicians and surgeons.

Its designers visited many great hospitals. They consulted with eminent surgeons. A thousand medical men, in one way and another, contributed ideas to this plant.

The result is an aseptic building, built of steel and tile and cement. No beams and rafters to gather dust, no pulleys and shafting to scatter it. No wood, save the cement-imbedded floors.

Scores of individual electric motors are used to operate machines. The nooks and corners are keep as clean as Dutch kitchens.

The Aseptic Room is enamel lined, and built with rounded corners. All that men have learned to secure utter asepsis is employed in perfection here.

Here under ideal conditions, we make B & B products—the result of twenty years of experience.

They are made as you want them. When you prove them out you will always insist on them.

Samples gladly sent on request.

Bauer & Black Chicago and New York

One of the Cottages

Colfax School

FOR THE

Tuberculous

FOR CASES OF **PULMONARY TUBERCULOSIS**

Situated at Colfax, Placer County, California, on the main line of the S. P. R. R.. at an elevation of 2422 feet.

Located amid the wonderful mountain scenery of the Sierra Nevada foothills.

A place where patients can enjoy the advantages of sanatorium methods and the comforts of home life at the same time.

Each cottage has bath, toilet, is connected with modern sewer system and lighted by electricity.

All approved modern methods of treatment used.

Terms Reasonable

For further particulars, write:

ROBERT A. PEERS, M. D. Medical Director Colfax, California

"She Who Nurses One Must Nourish Two"

Prolonged lactation usually reduces the power of the mother to provide adequate and proper nourishment for her infant.

The value of a liquid extract of Malt and Hops (when properly prepared) to increase not only the amount of milk but especially the fat content, is universally recognized.

But it **must be** real Extract of Malt and Hops, not a cheap dark beer, masquerading as such.

It should be

ANHEUSER-BUSCH'S

Malta Vittine
TRADE MARK.

which is the STANDARD MEDICI-NAL MALT preparation of its class. **Malt Nutrine** is a food-tonic—not a beverage.

It is the product of skill and experience in the chemistry of brewing.

Matt Sutrine

is intended for Physicians' Prescriptions.

It stimulates appetite, improves digestion, nourishes the tissues, and increases the quantity and quality of milk.

Pronounced by the U. S. Revenue Department a PURE MALT PRODUCT and not an Alcoholic Beverage

Sold by all druggists

Anheuser-Busch

Saint Louis

Visitors to St. Louis are cordially invited to inspect our plant

OBSERVE

That the indications for GARDNER'S SYRUP AMMONIUM HYPOPHOSPHITE

are

Laryngitis, Pharyngitis, Bronchitis and Minor Coughs.

That you will not have to prescribe opiates or anodynes in order to obtain the desired action.

That it is an active stimulating expectorant.

NOTE

That it will not be dispensed unless you specify "GARDNER".

REMEMBER

That it is made from chemically pure Ammonium Hypophosphite, sixteen grains to the fluid ounce.

That it is palatable.

Samples and literature will be gladly sent you, upon request.

Accommodations for Invalids

The Wallace Adjustable Hospital Bed

AN IDEAL BED, PRACTICAL, EFFICIENT AND DURABLE

Every position required in surgery easily and quickly obtained with our ingenious appliance. It meets every requirement in handling the sick; saves 75 per cent. of the labor in nursing; prevents bed sores; solves the problem of drainage in pelvic and abdominal surgery. Obstetrical cases and fractures are easily handled; no danger of displacement after fracture is once set, as the middle section lowers for use of bed pan and douche; no lifting or moving necessary. Simplifies surgical dressings, bathing and change of bed linen. A valuable addition to every Physician's equipment.

THE WALLACE BED soon pays for itself in the increased charges obtained for rent of rooms furnished with it. Many Hospitals and Sanitariums are not only making a reputation for efficiency and up-to-dateness by using our bed, but are making big money out of it. WHY NOT YOU?

THE WALLACE BED is made entirely of metal; equipped with best box type, oil tempered steel springs, and high grade soft felt mattress. We guarantee it to be perfect in every detail of construction. Finished in Japan and white enamel. We have a large stock always on hand for immediate shipment.

Special Discounts to Hospitals and Physicians. Write to-day for Illustrated Booklet with Prices.

Material Results in Pulmonary and **Bronchial Affections**

with the aid of Thiocol 'Roche,' the constitutional antiseptic.

In Tuberculosis—"No other medicament produces such striking results." (Prof. Maramaldi). "Surpasses all other methods of treatment that I have tried during the thirty years I have been in practice." (Dr. Wagner.)

In Bronchitis—"Remarkably efficient; it diminishes and allers the character of the secretion, allays the cough, and finally brings about a complete cure." Dr. Braun. "The best remedy for bronchitis I have ever used." Dr. Bauer.

Equally good reports of its use in pulmonary abscess, catarrhal affections, coughs and colds, intestinal fermentation, typhoid fever and diarrhea.

The reason why is told in our literature, which, together with samples, may be had in return for a post-card request.

Be sure you get THIOCOL when you pre-scribe it. Specify Roche.

The pleasantest and most efficacious mode of administering LITHIUM is in the form of a Potable Water.

Dr. Enno Sander's GARROD SPA LITHIA WATER

contains more Lithium than any other water on the market and in the most desirable combination. It is manufactured from pure chemicals and pure distilled water, heavily charged with pure carbonic acid gas. Its formula (originally suggested to Dr. Enno Sander by Sir A. B. Garrod, M. D.) is as follows:

No natural water can possibly dissolve as much Lithium as this, nor in such an effective medicinal state.

It Is Sold as Follows: "Still" Garrod Spa, in Half-Gallon Bottles. Price 60 cents each or \$6.00 a case of one dozen bottles.

"Sparkling" Garrod Spa, in Pint Bottles. Price \$2.00 a dozen or \$7.00 a case of 50 bottles.

The "Sparkling" Garrod Spa is well charged with gas, and is a pleasant beverage, used by many as a table water. This is the as a table wate kind most used.

Sending the hay-fever patient to the mountains

is all very well—if he has wealth; if he has leisure. There's the rub! Wealth, to most of us, is a dream; leisure, a luxury. The average individual must remain at his post of duty. If he has hay fever he must fight it out there—"if it takes all summer."

THE BEST MODE OF TREATMENT IS WITH

ADRENALIN

This preparation, in the forms listed below, offers to the medical profession a most efficient palliative in hay fever. It controls the nasal discharge, allays the congestion of the mucous membrane, and reduces the swelling of the turbinal tissue. It tends to restore natural breathing, abates the desire to sneeze, and in general induces comfort.

Solution Adrenalin Chloride

Adrenalin Chloride, I part; physiological salt solution (with 0.5% Chloretone), 1000 parts.

Dilute with four to five times its volume of physiological salt solution and spray into the nares and pharynx. (Ounce glass-stoppered bottles.)

Adrenalin Inhalant

Adrenalin Chloride, 1 part; zed neutzal eil base (with 3% Chloretone), 1000 parts.

Dilute with three to four times its volume of olive oil and administer in the manner described above. (Ounce glass-stoppered bottles.)

OUR GLASEPTIC NEBULIZER

is an admirable instrument for spraying the Adrenalin solutions. It produces a fine spray and is suited to oils of all densities, as well as aqueous, spirituous and etherial liquids. The working parts are one piece of glass. Complete, with throat-piece, \$1.25.

Write for our Literature on Hay Fever.

Lane Hospital Announcement

Lane Hospital has recently been enlarged, renovated, and improved. A story has been added, increasing the capacity to one hundred and seventy-five beds. The operating rooms have been remodeled and a new top-lighted and thoroughly equipped laparotomy room added. The new arrangements increase the convenience and double the capacity of the surgical department, while the same high standard of efficiency in the operating room service will be maintained as in the past.

A Maternity Department has been established, consisting of a number of well-lighted,

isolated rooms, in close relation to a completely equipped delivery room.

Two Children's Wards have been opened, and particular aftention will be paid to the care and nursing of children.

The Eye and Ear Department has been provided with special wards, special nurses

and separate treatment rooms.

The X-Ray Department is located in the new portion of the hospital and has been provided with every convenience for examination, treatment and laboratory work. An entirely new set of the latest and most efficient apparatus has been installed.

Roof Garden. A special feature of the recent addition is a well-protected roof garden where convalescents may enjoy fresh air and sunlight and where patients may be given the

benefit of outdoor treatment.

While the Faculty of Cooper Medical College acts as a medical and surgical staff to the hospital, the privileges of the institution are freely open to all regular physicians in good standing. Physicians having patients in Lane Hospital are assured of every professional courtesy.

Communications may be addressed to the resident physician.

THE HOSPITAL OF THE GOOD SAMARITAN

-Established 1887-

934 WEST SEVENTH STREET - - LOS ANGELES, CAL

A General Hospital of one hundred beds for patients, open to all reputable physicians, especial effort being made to serve the profession as a whole. The Training School for Nurses gives a three years' graded course.

The California Hospital

LOS ANGELES

A DELIGHTFUL HOME FOR THE SICK AND CONVALESCENT.

The California Hospital is one of the unique establishments of America. With over one hundred and seventy-five rooms, five operating rooms, delightful roof gardens and verandas, spacious grounds dotted with semi-tropical trees and plants, with a corps of nearly one hundred nurses, and with the most nourishing, palatable and healthful food, it combines all of the necessary attributes of a hospital with the comforts of a first-class modern hotel. Particular attention will be given to physicians and members of their families.

Address Medical Director, California Hospital 1414 South Hope Street, LOS ANGELES, CAL Both telephones, Exchange 61.

CLARK'S SANATORIUM
